

Actuarial Internship at Sagicor Life Insurance Company

An actuarial internship is a great way to gain a head start on your actuarial career by assisting in meaningful work, being part of a dynamic team, and working in a professional environment. Sagicor's 6-month internship will be offered either once or twice a year. The internship position usually begins in either March or September. As a Sagicor actuarial intern, you'll work side-by-side with experienced actuarial staff who will help translate your classroom knowledge into a strong, practical actuarial foundation.

Sagicor Life is looking for self-motivated candidates who possess a strong mathematical aptitude, keen analytical and problem solving ability, excellent written and verbal communication skills, and a proven desire to learn.

Internship Highlights

- Fundamental and challenging actuarial work
- A supportive environment fostered by actuarial managers who provide on-the-job training
- A mentor program where each intern is matched with a Sagicor actuarial analyst
- Option to earn ASU course credit under course number MAT 484 (requires a 10-15 page written report at the end of the 6-month internship)
- Competitive hourly salary of \$17.00/hour

Internship Qualifications

- Full-time junior or senior enrolled in ASU undergraduate degree program with a major in Actuarial Science, Mathematics, Computational Mathematical Sciences, Economics or related field
- Successful completion of 1 exam towards ASA certification
- Overall grade point average of at least 3.25 and recommendation from Professor, Faculty Advisor or School Director (we will contact your reference prior to extending you an internship offer)
- Ability to time manage 16-24 hours of weekly internship work alongside academic coursework and studying
- At least 18 years of age and U.S. Citizen, or legal to work in the U.S.
